Qualitative

Strengths of the course and of the instructor: -

- Had an understanding of the concepts and was able to explain them.
- Having Jordan as my discussion leader really helped me understand the concepts and ideas that were talked about in class. I know that if for any reason I didn't understand a concept in class, in discussion I could ask Jordan about it and I was able to understand it a lot better. As someone that has a hard time participating in open discussions, I was really able to step out of my confort zone in discussion and really participate
- Very enthusiastic

Weaknesses of the course and of the instructor: -

- Could have encouraged more class participation or had more time where the students worked in groups rather than lecture for the majority of the time. I didn't find much of the material covered in discussion to be helpful since it was well explained in lecture and the time in discussion didn't necessarily improve my understanding of the concepts.

General Comments -

- I had Jaleel as my discussion instructor but this form specifies Jordan so I just want to make that clarification
